

# M21 AND C21 MASKS

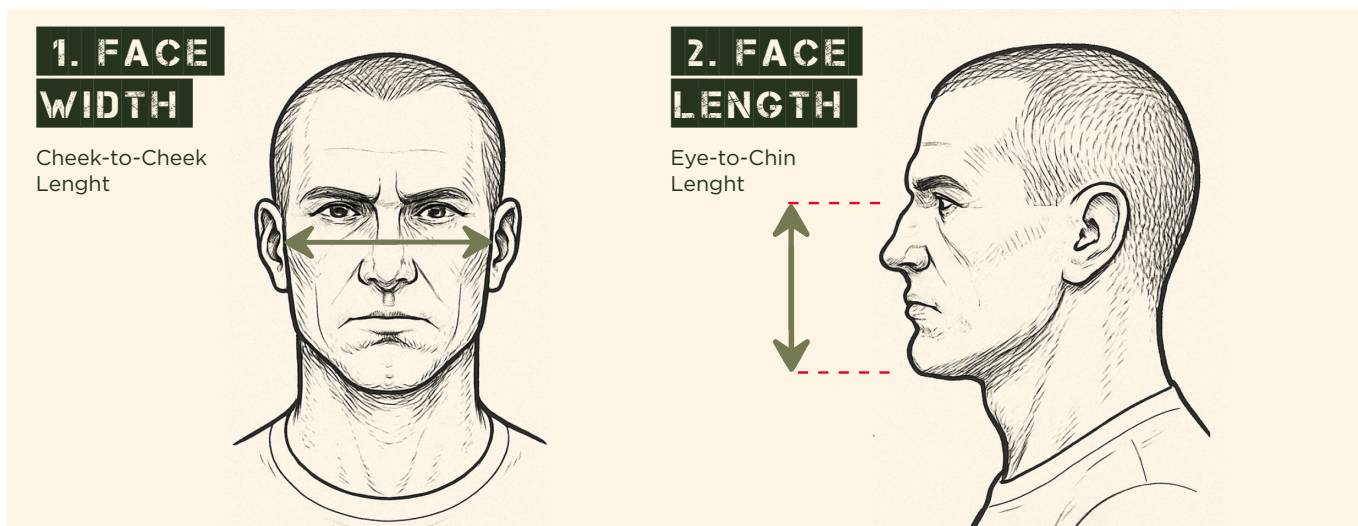

a LEONARDO company

## SIZING INSTRUCTION

### 1 Face Measurement Instructions

It is recommended to use a measuring device with millimeter precision to ensure the most accurate result and avoid selecting the wrong mask size.

### 2 Choose the right M21 and C21 Mask

This guide provides detailed instructions for selecting the correct mask size to ensure a secure facial seal and optimal respiratory protection in operational and field environments where safety and performance are critical.
