

Visor Adapters

Gallet TC 800 & TC 500 Series

Reference

GA8880 Adapters for visor (pair)

Application

Adapters for visor mounting on side rails of Gallet TC 800 series and Gallet TC 500 series. These adapters enable the adaptation of anti-shock and bulletproof visors (mountable and removable without tools). Compatible with rails with inserts in the central groove.

Performances

Adaptable on any Gallet TC 800 series and Gallet TC 500 series (any cut) rails (with inserts in central groove). Stop bumpers enable visor silent handling.

Included

A pair of adapters with 2 stop bumpers, 2 screws and 2 screws and 2 washers for mounting.

Specifications

Characteristics
