

# Neckcurtain Removable without any Tools

Gallet TC 800 and Gallet TC 500 Series

## Reference

- GA8370 Bulletproof neckcurtain: Cover and bulletproof panel.
- GA8369 Shock protective neckcurtain: Cover and shock protective panel.

## Application

Adaptable on Gallet TC 800 and Gallet TC 500 helmets.  
The neckcurtain complements the protection offered by the visor and the shell.  
The back pocket allows counterweights or battery to carry.

## Performance

Neckcurtain mounting and dismounting does not require any tools.  
Bulletproof version: Stops Level IIIA ammunition from NIJ-STD-0101.03 and NIJ-STD-0101.06.  
Shock protective version: The force transmitted during an impact with a hemispheric impactor and an energy of  $33 \text{ J} \pm 2 \text{ J}$  does not exceed 30 kN on an average of three consecutive impacts.
